CHAIRMAN'S MESSAGE

Dear Parent,
Balaji Education Society is a platform for striving students to excel. It gives me a sense of pride and accomplishment when our students step out of school and step into most reputed colleges of India and abroad. Our child-centric program is designed to identify the unique set of talents latent in our students.

A spacious campus with a play arena, library, computing environment, laboratories brings completeness to the student's learning. Games, activities, experiments and projects are very much part of the child's learning enabling them to feel confident in connecting with the real world. Your search for holistic education ends here in HighFields. I am quite confident in taking pride in claiming Balaji Educational Society a hallmark for quality education.

Sri. Mandava Ravi Kumar
Chairman

DIRECTOR'S PERSPECTIVE

"Education is not the learning of facts,
but the training of the mind to think"
- Albert Einstein

With this view, I envisioned and accepted the challenging job of moulding the impressionistic minds of the youngsters around us as the most sacred of all human responsibilities. From the first day of my assignment, I am working on implementing the best educational practices that promises to inculcate 360 degree accomplishment to all our students. Along with Academic Pursuit HighFields School is committed to deliver wide range of Co-Curricular and extracurricular activities blend with values that bring holistic development with a challenging perspective. HighFields moulds the students to reach an ambitious growth either in their career of employment or Business minds.

Mr. Mandava Praneeth
Director

PRINCIPAL'S SPEAK

HighFields stands for providing an important role in the child's interest to learn. I take privilege in letting you know that the students are nurtured and trained by dedicated and committed teachers in our school. The enthusiasm of the students makes learning fun. Our Motto "CONFIDENT TO WIN" speaks for the value and respect we have towards our teachers and students.

I extend my gratitude to the parents for choosing our school in the path of success of the student. And i believe that persistence and hard work can achieve anything in life.

"AIM HIGH AND DREAM BIG"

M. Padmaja
Principal

MISSION
MISSION

"Enlightment through Enhancement in Education"

" HighFields School is a place where children have the opportunity to discover their talents and are free to explore and enjoy learning. Children are encouraged to think independently and connect to real life situations. The mission of HighFields is to nurture each child, help them develop their potential and ensure that they have a joyful learning experience.

EDUCATION AT HIGHFIELDS SCHOOL IS BASED ON :

- ◆ Child Centric Learning : Recognising that schooling is about each individual child and not the system.
- ◆ Connected to the Community : Ensuring that the school is connected to parents, the local community and the world at large.
- ◆ Holistic Development : Understanding that education is the development of the whole person - the mind, body and spirit.
- ◆ Empowered Teachers : Finding and supporting teachers who love children, love teaching and are capable of inspirational leadership.

WHY HIGHFIELDS?

HighFields is committed to:

- ◆ To enable students to achieve their potential talents.
- ◆ To provide unparalleled academic guidance to every student for their future without any discrimination.
- ◆ To impart ethical practices, Social awareness and responsibilities to all our students.
- ◆ To develop well being through different cultural, social, academics, sports and extracurricular activities to the modest.
- ◆ To develop individuality and Self-dependency through kind guidance and nurturing.
- ◆ To provide high quality education inputs to face challenges in and around the globe.

SCHOOL CURRICULUM:

Our curriculum is the epitome of our efforts to ensure that students receive the highest quality of education.

A PERFECT START.....

Children in the initial stages of schooling need a lot of attention and cajoling. Once the child steps in the school he / she finds motherly care with well-trained teachers and professionals. The aesthetically designed classrooms make learning interesting and stimulating for the young minds.

JUNIOR PROGRAMME CLASS NURSERY - CLASS III

DISCOVERY:

Joyfully explore the world, ask questions, build basic skills.

THEMES TO SENSE THE WORLD:

Observe and experience the world through exciting themes like family, festivals, nature etc. that bring together many subjects.

COMMUNICATE:

Build a basic vocabulary along with listening and speaking skills, listen to and tell stories, write freely and read with interest.

ANALYZE:

Understand the concept of numbers and the skill to apply it to basic mathematical operations, counting, classifying and sequencing objects.

NURTURING MIND, BODY AND SPIRIT:

Strengthen a growing body, establish relationships and embrace learning.

MIDDLE PROGRAMME CLASS IV - CLASS VIII

MASTERY:

Ask why and find out how things work, master concepts apply knowledge and discover talents

MASTER CONCEPTS:

Understand deeply the "What, Why, How" of basic concepts in science, language, mathematics and social studies.

PROJECTS TO APPLY KNOWLEDGE:

To create practical projects-publish a magazine, build a machine, tend a garden.

DISCOVER A TALENT:

Deepen each child's interest in one or more areas like sports, music or literature.

CONFIDENT AND CONNECTED:

Handle unknown situations, express feelings, work in teams and make decisions.

SENIOR PROGRAMME CLASS IX - CLASS X

EXCELLENCE:

Solve complex problems, choose a career and be confident to face life's challenges

SOLVE PROBLEMS:

Understand higher-order concepts and use proof, reasoning and research to find solutions.

EXPRESS CREATIVELY:

Master writing and speaking. Images and music to create original work.

Work under professionals (doctors, musicians, scientists etc.) to connect with a career of choice.

PREPARE FOR BOARDS AND CAREER ENTRANCE:

Self-study habits, test-taking skills, individual attention to succeed in examinations.

LEADERSHIP SKILLS:

Know one's own strengths, take on leadership roles and inspire others

Our Achievements & Activities

RESIDENTIAL AND SCHOOL ACTIVITIES:

We provide good residential facilities for both boys and girls from Grade I onwards. Personalized care is taken for every child intellectually in a loving and caring environment that is homely and supportive with the help of wardens and supporting staff. The school has spacious rooms, Dining rooms and media rooms to make your child's stay memorable.

We provide after school activities for residential school from 4.00pm onwards..Children are engaged in sports and study activities by members of teaching staff. The adult's in charge are trained to take appropriate care that ensures utmost safety besides addressing their daily needs.

COMPLETE FACILITIES FOR COMPLETE EDUCATION:

SPORTS:

Through the school sports activity the student will:

- ☞ Learn about body control and spatial awareness.
- ☞ Master new skills and techniques in a variety of Physical Activities.
- ☞ Recognize the importance of fair play and understand how strategies can assist when participating in physical Activities.
- ☞ Student will develop a co-operative behavior when he is a part of a group or team.

LABORATORIES:

The school has set up well equipped Computer labs, Science labs and Language Lab in spacious

blocks with an array of instruments and equipment for the students to learn by doing which is the need of the hour.

LIBRARY:

"A great Library contains the dairy of the human race" The school facilitates spacious and well stocked open shelf library, it is a resource center designed to encourage students in a variety of subjects to allow research and in depth study. The library is equipped with a variety of news papers, Books and Journals.

TRANSPORT FACILITY:

The School operates buses from every nook and corner of Madhurawada, Kommadi, Yendada with well trained drivers and Helping staff to meet the transport requirement of all our students.

HOW TO APPLY:

Registration forms are available at the school administrative office, which have to be duly filled and submitted to the administrative officer. Registration entitles a student for a counselling session with the principal and under no circumstances guarantees a seat or admission to the school. The admission will be finalized on the basis of the student's interaction with the Principal.
